**FEB 25 2016**

REPLY TO THE ATTENTION OF:

Ms. Gail Good  
Director  
Air Management Program  
Wisconsin Department of Natural Resources  
P.O. Box 7921  
Madison, Wisconsin 53707-7921

Dear Ms. Good:

This letter is in response to your January 28, 2016 submittal of "Wisconsin's Attainment Demonstration for the Oneida County 2010 1-Hour Sulfur Dioxide National Ambient Air Quality Standard Nonattainment Area." This submittal contains nonattainment plan provisions, as obligated by Section 172(c) of the Clean Air Act, for the area designated nonattainment by EPA (78 FR 47192) effective October 4, 2013, under the 2010 sulfur dioxide National Ambient Air Quality Standard.

We have performed a completeness review of your submittal against the completeness criteria set forth at 40 CFR Part 51, Appendix V. We have determined that this SIP submittal satisfies the completeness criteria. A finding of completeness merely indicates that the submittal meets the criteria that any plan must satisfy for EPA to take rulemaking action on it. A completeness finding is not a finding on the merits of the plan or whether it meets EPA's State Implementation Plan approval requirements.

If you have any questions or need additional information please contact me, or Jenny Liljegren, of my staff, at 312-886-6832.

Sincerely,

A handwritten signature in blue ink that reads "George T. Czemiak".

George T. Czemiak  
Director  
Air and Radiation Division
