Map prepared April 2022 by A. Jehnke
 This map is not a survey of the actual
 boundary of any property it depicts.

0 0.07 0.15 0.3 Miles

1:7920
 1" = 1/8 Mile

General Sale Conditions:

- **Contract length is three years (3 winter seasons)**
- Ticket scale sale
- Sale boundaries marked with red paint or unmarked using natural boundaries
- Excessive rutting or damage to residual trees will result in suspension of logging activities
- Care must be taken to preserve all survey monuments
- Retain all suitable snag and den trees that do not pose a safety hazard
- Reserve all red marked boundary trees
- Utilize all trees to a 4-inch minimum top diameter
- Scatter all slash and cut to within 2 feet of the ground
- New roads, trails and landings must be approved by the sale administrator
- Equipment must be clean before entering sale area
- Snowmobile Trail must be kept clear and free of debris during harvesting and hauling operations
- Cautionary signage shall be posted on Park Road and snowmobile trail.

Cutting Specifications:

- Cut all trees greater than 1" DBH except designated reserve trees and trees marked with green paint.
 - Designated reserve trees are: Red Pine, White Pine, Cedar and Oak.
 - Aspen (4-6" DBH) at the edges of sale area should be left uncut.
- Harvesting and hauling will be limited to **FROZEN GROUND CONDITIONS ONLY.**
