\*This map is not a survey of the actual boundary of any property this map depicts.

**Conversion Harvest Area (51 acres):**

Harvest all merchantable unmarked aspen; birch; and balsam with at least three 100" pulp sticks. Do not harvest any green marked trees, oak, elm, mixed hardwoods, spruce, hemlock, or pine.

Do not harvest any aspen within one tree length of the edges of wildlife openings.

Sale area is bounded by blue line, red line, a road along an open grassland, and a steep dropoff to a wetland. Operate on slopes with care.

Sale area can be accessed from the west via Joes Shack Rd and from the east via Fierick Rd.

Harvesting will be allowed between May 1 and November 30 on dry or frozen ground only.
