Loan closing timeline

To receive its Financial Assistance Agreement (FAA) on time, a municipality must submit all required documentation to their DNR project manager *at least six weeks before* its municipal meeting. The loan closing date will occur at least two weeks after the municipal meeting and is held on the second or fourth Wednesday of the month. The Department of Administration will wire the municipality's first disbursement of loan funds on the loan closing date.

Weeks Out	Activity - Completed in terms of weeks before municipal meeting.
6	Municipality submits to DNR any remaining required documentation , including the first request for disbursement (#1). DNR begins drafting FAA.
4	FAA drafted. DNR reviews FAA.
3	DOA reviews FAA.
2	Bond counsel reviews FAA.
1	Municipality reviews FAA and submits to DNR any additional disbursement requests (i.e., #2, #3, ...) for payment on loan closing date.
Municipal Mtg.	Municipality passes bond resolution, signs FAA and bond documents, then immediately sends signed documents to DNR and bond counsel.

Loan closing date is *at least two weeks after* municipal meeting to allow the bond counsel time to prepare the bond/note transcript for the loan.

*If a deadline falls on a weekend or legal holiday, that deadline is extended to the next business day. Notes: SDWLP applications may be submitted anytime during the SFY for projects *not* seeking PF if loan funding is available. The ITA, application and loan closing deadlines are set in the annual Intended Use Plan.
