Local intranet

The facility form page contains the number of employees, the Source Identification Code, the area, a two question survey, and North American Industrial Classification System (NAICS) Code.

- Number of employees – Enter the number of full-time employees that worked at the facility during the year.
- SIC Code – You cannot edit this field. If it is wrong note the wrong SIC Code and the correct SIC Code in the comment section of the form.
- Area – Enter the approximate area of the facility. You can assume the area includes the area from the plant boundary.
- Survey – the survey asks two questions regarding an environmental management system (EMS). DNR is interested in companies interested in or running an EMS system.
- NAICS Code – We ask that you have at least one NAICS code for the facility. If the NAICS code is incorrect, you may delete the incorrect code. You can then add a new NAICS Code by clicking on the arrow located to the right of the large empty box. This arrow activates a drop down menu. Choose the correct NAICS code from the drop down list. Click the add button. Unless you click the add button the new NAICS code will not be added to the facility data.
- Comments – You can add comments regarding this screen to the comment box.
- Save Facility Information button – Click on this button to save your updated information. Once this is done, you should see a check mark next the Update Facility Info link on the left side navigation.
