Dear John,

On behalf of the Brownfields Study Group, we'd like to thank you for all your efforts during the 2007-2009 State Biennial Budget process. Due in many ways to your tireless support of state brownfield programs and incentives at a time of tight budgets and limited resources, the Wisconsin Brownfields Initiative will continue to thrive and we will continue to build on the brownfield successes achieved over the past 10 years.

Thanks from all of us, John!
