City of West Bend	25	\$90,300.00

Ineligible Applications

The Department has determined that at least nine SAG applications are ineligible. If you have any questions about the eligibility of your application, contact your regional project manager or Pat Sullivan at (608) 266-5742 or sullip@dnr.state.wi.us.

Providing financial assistance to these proposed projects is not expected to have the potential to cause significant adverse environmental effects, and the Department has made a preliminary determination that an environmental analysis and the EIS process is not needed. Comments on this preliminary determination may be provided no later than January 4, 2000 to Pat Sullivan at (608) 266-5742.
