

# HIGH CLIFF STATE PARK 2009 DEER SEASON SPECIAL REGULATIONS – DMU 64A

(See the 2009 Wisconsin Deer Hunting Regulations for additional regulations.)

Only holders of a 2009 Park Access Permit for deer hunting in High Cliff State Park (Deer Management Unit 64A) may deer hunt in the park. On all vehicles that enter the park, Park admission stickers are required (\$7.00 per day or \$25.00 annually for residents; \$10.00 per day or \$35.00 annually for non-residents). Hunters are encouraged to purchase stickers prior to opening morning to avoid delays at the office. Campground will be open within the park during the hunting season.

## Season Dates:

- High Cliff State Park will be open to deer gun hunting (muzzleloaders only) November 21 – 29, 2009.  
**NOTE: The park will not be open to muzzleloader hunting during the statewide 10-day muzzleloader season (Nov. 30 - Dec. 9) or any other gun seasons.**
- Archery hunting is not allowed in High Cliff State Park.

## Weapon Restrictions:

- **Only Muzzleloaders** may be used to hunt deer in the park during the November 21 – 29, 2009 firearm season. Please see the *2009 Wisconsin Deer Hunting Regulations* for muzzleloader restrictions. All firearms must be unloaded and enclosed within a carrying case when in a motor vehicle or within a closed area of the park.  
Note: Muzzleloaders are considered unloaded if the cap is removed from a cap lock muzzleloader, or the flash pan is cleaned on a flint-lock muzzleloader; the ball and powder may remain in the barrel, except that the powder and projectile must be removed from the barrel of an electronic ignition muzzleloader.
- Scope restrictions do not apply during the 9-day muzzleloader season in High Cliff State Park.

## Tagging Options:

- **Herd Control regulations apply in High Cliff State Park for the 2009 park deer hunting season** (see the *2009 Wisconsin Deer Hunting Regulations* booklet for tagging requirements).
- Muzzleloader hunters that receive a 2009 Park Access Permit for unit 64A may use their Gun Buck Deer Carcass Tag to tag one buck during open muzzleloader season listed above.
- Antlerless deer may be harvested in the park per Antlerless Deer Carcass Tag valid in Herd Control and EAB units. One tag comes free with a gun deer hunting license.
- Additional Antlerless Herd Control Carcass Tags valid in Herd Control and Earn-a-Buck units are \$2 each (for residents and non-residents) and may be purchased online or at any DNR license sales location.

## Hunting Hours:

- Hunting hours can be found in the *2009 Wisconsin Deer Hunting Regulation* pamphlet (pages 52 – 53). Hunters may enter the park up to one hour before legal hunting hours begin for that day.

## Deer Registration:

- All deer harvested should be checked in at the park headquarters before leaving the park, and registered at a local deer registration station.
- When registering a deer harvested from High Cliff State Park, indicate unit “64A” as the Deer Management Unit of Kill.

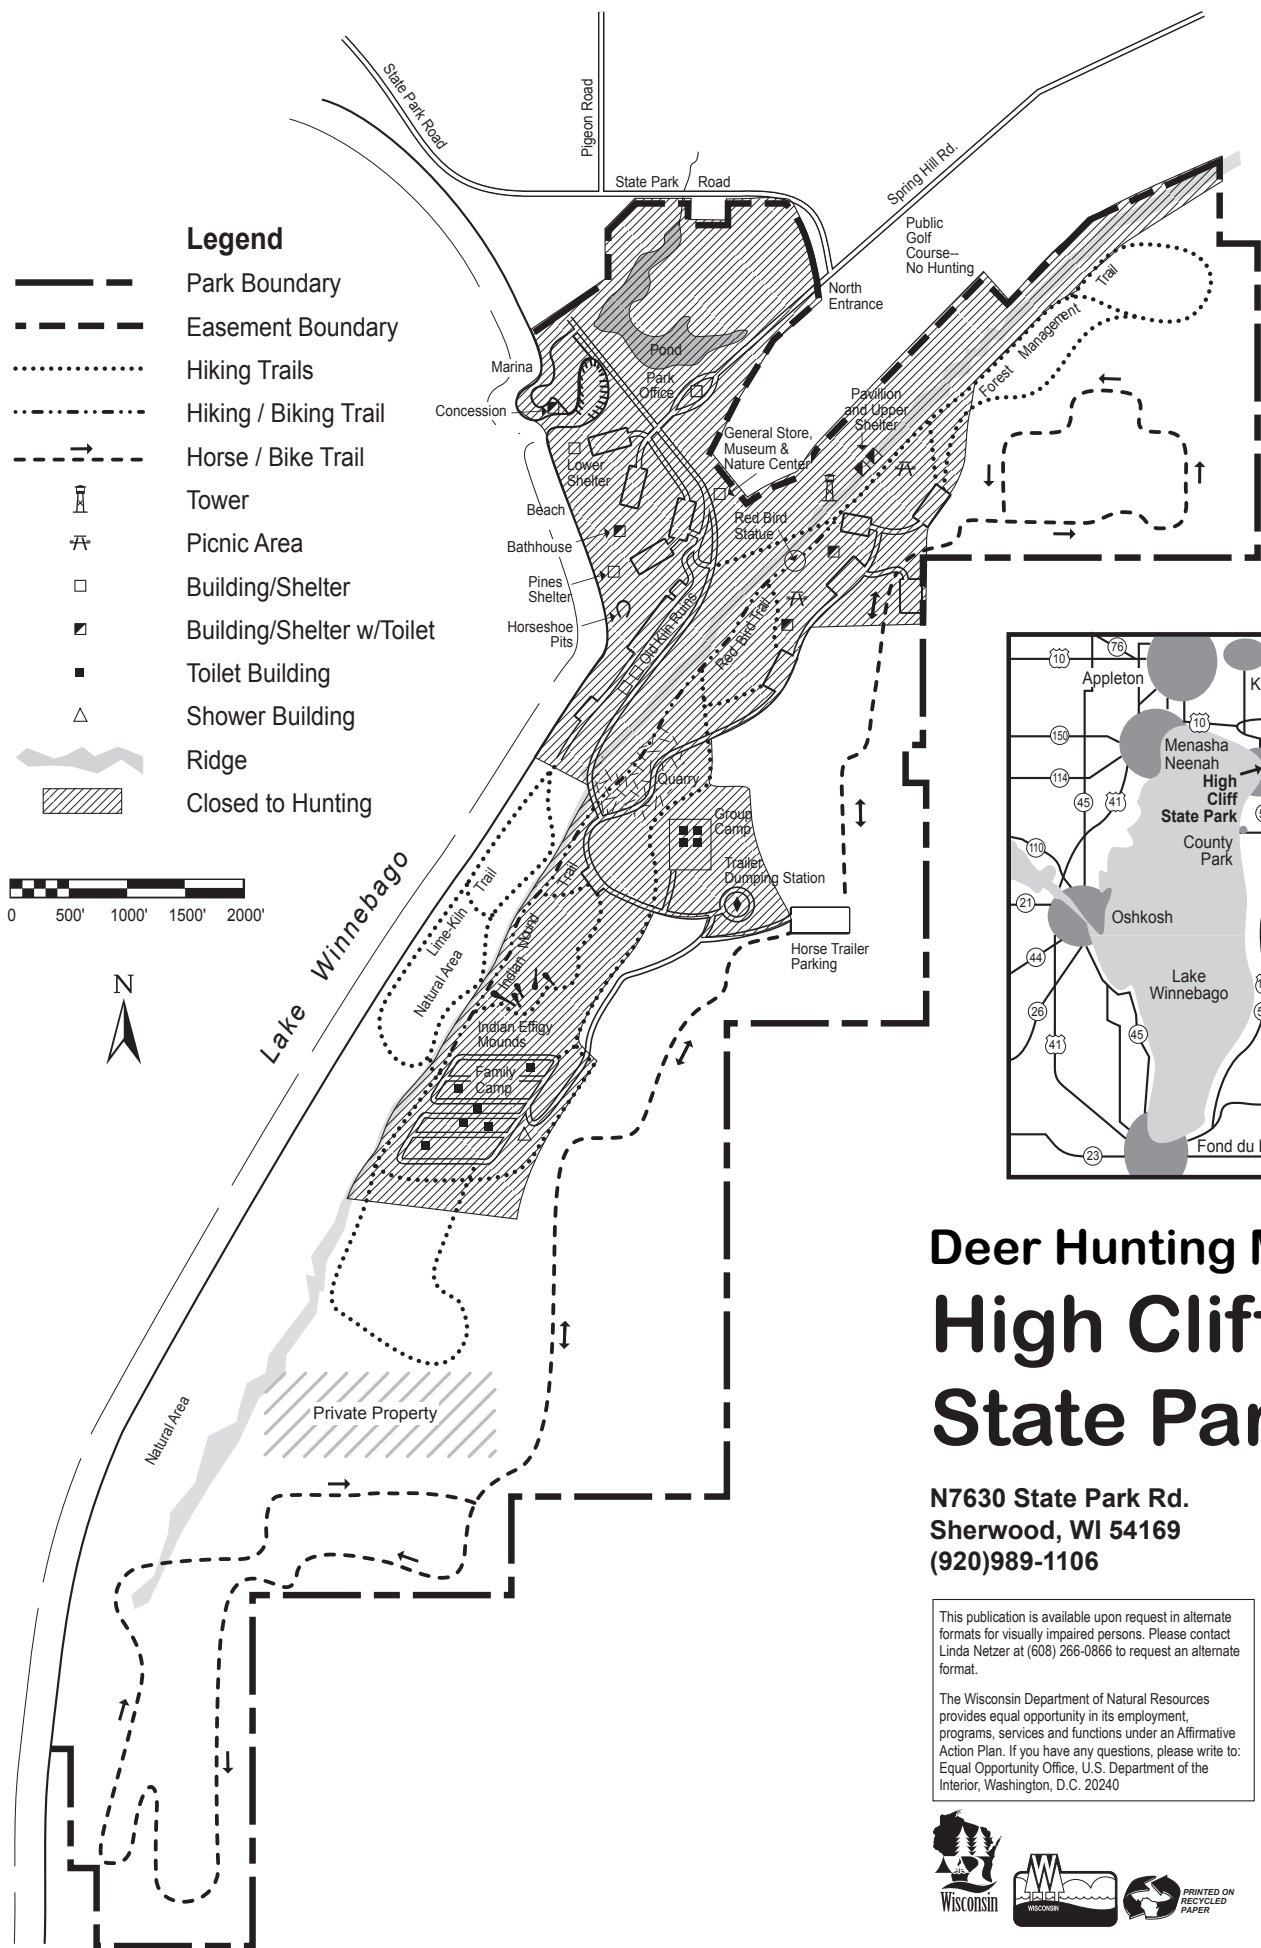

## Additional Park Regulations:

- Some areas of the park will be closed to hunting (see map on back). Hunters may not pursue a wounded deer moving into a closed area or drive deer from a closed area. Park employees must be informed by the hunter of the locality of any wounded animal within the closed area. Park employees may then assist the hunter in recovery of the deer.
- Group Hunting is restricted to persons in possession of a 2009 Park Access Permit for unit 64A. Persons who have filled their carcass tags may continue to engage in group hunting, provided they have their unit 64A Park Access Permit and valid gun deer license in their possession.
- Tree stands or elevated devices must be removed each day at the close of hunting hours. It is illegal to construct or use tree stands or elevated devices on state property that causes damage to trees. Screw-in steps damage trees and may not be used.
- All tree stands that are not occupied during legal hunting hours shall have the owner’s customer ID number or name and address attached to the tree stand in a manner that is visible to a person on the ground.
- Ground blinds used on DNR lands must have a minimum of 144 square inches of highly visible blaze orange material that is visible 360 degrees around the blind, any time a gun deer season is in effect.
- All parking and traffic regulations shall apply during the season. Vehicles shall be operated only on established roads and parking permitted only in established parking lots.
- No fires are permitted while hunting. Be sure all smoking material is extinguished.
- **Reminder:** All hunters should be aware of other recreational users within the park. Not all people will be wearing blaze orange, so be sure of your target and beyond!
