

**SUBJECT: LAND ACQUISITION AND BOUNDARY EXPANSION – HARRINGTON BEACH STATE PARK–  
OZAUKEE COUNTY**

**FOR: DECEMBER 2008 BOARD MEETING**

**TO BE PRESENTED BY:** Richard Steffes

**SUMMARY:** The Department has obtained an option to purchase 54 acres of land from Family Enterprises for \$406,000 and a 10-acre parcel from Michael Ansay, etal for \$240,000 both for the Harrington Beach State Park in Ozaukee County. The item is being submitted because the purchase prices exceed \$150,000. Both transactions are with the same family and the parcels abut in the northwest corner of the park. Approximately three acres of the 10-acre Ansay parcel are outside the project boundary and if approved for acquisition, the boundary will be expanded to include these three acres.

The parcels are located about eight miles north of Port Washington to the west of state ownership. The land is valuable for the protection of open space and grassland bird habitat, as well as for providing additional lands for hiking, bird watching, hunting, nature study and interpretive nature trails for the park. There are presently about 235 acres of grassland and shrub carr/wetland in the park. These additional 64 acres, combined with the existing state ownership, would create a 299-acre block of land for grassland species. Most grassland, bird species require a minimum of 300 acres to support viable populations.

In 2004, the Natural Resources Board approved the Master Plan for Harrington Beach State Park a 700-acre all-season property located in Southeast Wisconsin in Ozaukee County. The park is located 32 miles north of Milwaukee and one mile east of Interstate 43. It is within a one-hour drive of forty percent of the state's population and within 127 miles of eleven million people. The park is one of the most heavily used day-use-only properties in the state parks and forests system with approximately 125,000 visitors. Visitation at this park is expected to double in 2009 with the completion of the 75-site campground now under construction.

**RECOMMENDATION:** That the Board approve the purchase of a 54-acre parcel for \$406,000 acres and a 10-acre parcel for \$240,000 for Harrington Beach State Park in Ozaukee County; and approve the expansion of the project boundary to include the acquisition.

## CORRESPONDENCE/MEMORANDUM

DATE: November 11, 2008 FILE REF: PR 40019 & PR 40020

TO: Governor Doyle

FROM: Matthew J. Frank 

SUBJECT: Proposed Land Acquisition. Family Enterprises Tract. File # PR 40019 and Michael Ansay Tract. File # PR 40020  
Option Expires January 19, 2009 – Family would like to close prior to end of 2008

1. PARCEL DESCRIPTION:

Harrington Beach State Park  
Ozaukee County

Grantor:

Family Enterprises (Michael Ansay)  
c/o Neil Tiziani  
101 East Grand Avenue, Suite 11  
Port Washington, WI 53074

Acres: 54 and 10 acres (64 acres in total)

Price: \$406,000 and \$240,000 (\$646,000 total cost)

Appraised Value: PR-40019 (\$432,000.00 and \$406,000); PR-40020 (\$240,000)

Interest: Fee Title Purchase

Improvements: House, Barn, Shed

Location: The property is located in Ozaukee County eight miles north of Port Washington in the Town of Belgium

Land Description: The subject land is gently rolling to rolling.

<u>Covertypes Breakdown:</u>	<u>Type:</u>	<u>Acreage:</u>
	Croplands/Low Grasses	62
	Building Site	<u>2</u>
	TOTAL	64

Zoning: Agriculture and Residential

Present Use: Recreation and Investment

Proposed Use: Scenic Protection and Public Recreation

Tenure: 13 years

Property Taxes: \$3,447

Option Date: November 4, 2008

Stewardship Land Access: This property will be open to the public for most nature-based outdoor recreational activities to include hunting, nature study, and cross-country skiing. It is anticipated the land will be open for the nine-day gun/deer season and late archery season.

2. JUSTIFICATION:

The Department has obtained an option to purchase 54 acres of land from Family Enterprises for \$406,000, as well as a 10-acre parcel from Michael Ansay, et al for \$240,000 both for the Harrington Beach State Park in Ozaukee County. The parcels are located in Ozaukee County about eight miles north of Port Washington in the Town of Belgium and are both to the west of existing state ownership. They are valuable for the protection of grassland in southeastern Wisconsin as well as providing additional lands for

hiking, bird watching, hunting, nature study and interpretive nature trails. The grasslands of Harrington Beach are classified as old field intermixed with wetland swales that include wet meadow and shrub carr. There are presently about 235 acres of grassland and shrub carr/wetland in the park. These additional 64 acres, combined with the existing state ownership, would create a 299-acre block of land for grassland species. Most grassland, bird species require a minimum of 300 acres to support viable populations.

In addition to the preservation and establishment of the grasslands, this acquisition will provide additional acreage for deer hunting. The property in this acquisition adjoins lands that are currently not open to hunting. With the addition of this property, the park may be able to open additional acreage to hunting that is closed currently. The deer hunting opportunities that are provided for the public are the regular nine-day season (muzzleloader only), the ten-day muzzleloader season and the late archery season. Hunting will continue in the park when the campground is built. This additional acreage will ensure a safe and quality hunt.

Without the additional acreage, it could be difficult for the old field grassland with the current boundary to sustain grassland nesting species. In addition, it would be difficult to develop the park with the recreational opportunities residents of Wisconsin, particularly southeastern Wisconsin, are requesting. The land within the expanded boundary area is currently zoned agricultural. This land is within 1/2-mile of I-43 and, therefore, is very susceptible to changes in land use, some of which might not be compatible with the park. If the land is not acquired, the park could be impacted in the future by adjoining development.

In 2004 the Natural Resources Board approved the Master Plan for Harrington Beach State Park a 700-acre all season property located in southeast Wisconsin in Ozaukee County. The park is located 32 miles north of Milwaukee and one mile east of Interstate 43. It is within a one-hour drive of forty percent of the state's population and within 127 miles of eleven million people. The park is one of the most heavily used day-use-only properties in the state parks and forests system with approximately 125,000 visitors. The Department is in the process of developing a 75-site campground. When completed in 2009, the Department expects the number of visitors to double.

The Department recommends the acquisition of these parcels to the west of the existing state ownership and within the project boundary. This purchase would provide an opportunity to create a large grassland habitat, consolidate state ownership and provide land for hiking, bird watching, hunting, nature study and interpretive nature trails. The park entrance is less than 1/4-mile east along CTH "D." Since the house on the property is more than 100 years old, the Department proposes to remove it and restore the area to a natural condition.

3. FINANCING:

State Stewardship bond funds are anticipated:

Funds allotted to program:	Balance after proposed transactions:
\$6,164,642	\$286.730

4. ACQUISITION STATUS OF THE HARRINGTON BEACH STATE PARK:

Established: 1966  
Acres Purchased to Date: 707.42  
Acquisition Goal: 827  
Percent Complete: 85.54  
Cost to Date: \$1,002,335

5a. APPRAISAL (54-acre parcel):

Appraiser: Michael Stone  
Valuation Date: June 16, 2008  
Appraised Value: \$432,000  
Highest and Best Use: Two Residential Lots

Allocation of Values:

- a. land: 54.00 acres @ \$8,000 per acre: \$432,000.00
- b. market data approach used. three comparable sales cited
- c. adjusted value range: \$7,565 to \$8,873

Appraisal Review: Phil Lepinski - October 10, 2008

Appraiser: S. Steven Vitale and Tim Leberman

Valuation Date: June 17, 2008

Appraised Value: \$406,000

Highest and Best Use: Two Residential Lots

Allocation of Values for the 7 acres of R-1 zoned land:

- a. land: 7 acres @ \$23,000 per acre: \$161,000
- b. land: 47 acres @ \$5,000 per acre: \$235,000
- c. improvements: \$ 10,000
- d. total: \$406,000
- e. market data approach used. R-1 and A-1 zoned land valued at \$23,000 and \$5,000 per acre, respectively

5b. APPRAISAL (10-acre parcel):

Appraiser: Michael Stone

Valuation Date: June 16, 2008

Appraised Value: \$240,000

Highest and Best Use: Residential

Allocation of Values:

- a. land: 10 acres @ \$14,000 acre: \$140,000
- b. improvements: \$100,000
- c. total: \$240,000
- d. cost and market data approach used.

Appraisal Review: Paul Scott – September 22, 2008
