

## 2009 APPROVED WATER TESTING LABORATORIES FOR WELL DRILLERS & PUMP INSTALLERS

The following certified laboratories are approved for use by well drillers and pump installers when collecting water samples to meet the requirements of ch. NR 812, Wis. Adm. Code (samples collected after well drilling or pump installing). They have signed an agreement to automatically report test results to DNR on DNR forms for samples collected by well drillers and pump installers or their agent. Laboratories are listed in order of the counties where they are located. Fees vary from laboratory to laboratory. For a complete list of Safe Drinking Water Act certified bacteriology labs, contact your local DNR headquarters or check the following web page:
